

Pest Inspection Agreement Form

THIS AGREEMENT FORMS PART OF THE PRE-PURCHASE PEST INSPECTION REPORT. YOU AGREE TO THE FOLLOWING CONDITIONS & THE INSPECTION TYPE ORDERED BY YOU.

This inspection will be carried out in compliance with AS4349.3-2010 except for Strata Units or properties where the inspection will be according with Appendix B of AS4349.1-2007.

1. This inspection is a visual evaluation only for the buildings within 30 metres of the main building and within the inspection properties boundaries.
2. ACKNOWLEDGMENT: I agree to contact the Inspector once I have read the report or the Inspector will contact me.
3. The Purpose of the inspection is to give advice about the condition of the property with regard to timber pests.
4. Safe and reasonable access will only be achieved to the property being inspected to the areas of, The Exterior, The Site, The Boundaries, The Roof Exterior (subject to height & weather restrictions) The Interior, The Interior of The Roof Space and within the Sub Floor areas (if applicable) only.
5. The report will also advise on visible safety hazards to the buildings elements on the day and time of the inspection.
6. The Inspector will not conduct any invasive inspections. (Written instructions must be provided for any invasive inspections required now or in the future as the Inspector will not cut, break apart, dismantle or remove any objects of roofing, wall or ceiling linings, A/C ducting, foliage, roof insulation, floor or wall coverings, fixtures, furnishings or any personal belongings currently in place.)
7. The Inspector will advise you should there be need to carry out an Invasive Inspection to the property that they inspected. In the event an Invasive Inspection should be required, then you should NOT agree to anything until this Invasive Inspection has been completed and reported on.
8. We DO NOT & WILL NOT inspect inside of walls, between floors, inside flat roofing, inside any eave areas, behind any stored goods in cupboards, behind heavy furnishings and other areas that are obstructed at our inspection.
9. It is highly recommended that a full Building Inspection be carried out in compliance with AS4349.1-2007.
10. No inspection will be carried out for Asbestos under this report
11. No inspection will be carried out for Magnesite. (This is out of our area of expertise)
12. No inspection will be made for Mould. (This is out of our area of expertise, however if noticed we may make comment)
13. Costs for building work are not provided within this Report. Should you require any costings you should seek further advice from a licensed builder.
14. When a property is occupied we bring your attention to be aware that furnishings and other belongings may conceal evidence of other issues which can only be discovered if and when these items are moved or removed and or after this inspected property has been vacated.
15. We will at times recommend other types of inspections that are out of our areas of expertise during our inspection reporting process.
16. This Inspection will not cover or report the items listed in Appendix D to AS4349.1-2007. A copy of Appendix D can be provided upon request.
17. Where a Strata Title property is to be inspected, then we will only inspect the strata unit's interior and the unit's immediate exterior to be inspected as detailed in Appendix B in AS4349.1-2007. A full Strata Report must be obtained for all of the common areas before you make an informed decision to purchase the Unit. A copy of Appendix B can be provided upon request.

18. If an issue, pending dispute or a claim arises out of this inspection and report then each party must give written notice to each of the parties within 28 days. Disputes will then be handled by an independent mediator or arbitrator. Each party will pay their own costs.

19. We will not be liable for any third party loss or damage suffered by any Person other than you in connection with the Inspection Reports use. We are released from any claims or further actions, damages or loss whatsoever if this report is to be used by another person or entity without our written permission to do so.

20. The extent of accessible areas shall be determined by the inspector at the time of inspection, based on the conditions encountered at the time of inspection. The inspector shall also determine whether sufficient space is available to allow safe access. If sub-floor areas appear to have been recently sprayed with any Chemical Treatments these areas should not be inspected unless it is safe.

Area	Access Panel	Crawl Space	Accessible Height
Roof Space	400mm x 500mm	Minimum 600mm x 600mm	From a 3.6m ladder off a level platform and only if it is safe to do so
